****See the list of required application codes and information for each participating college.***

This information is important because it helps to ensure submitted applications from *Alabama students are FREE for Alabama College Application Week*

Alabama College Application Week was started nine years ago to increase the overall number of students in our state applying to, and ultimately enrolling in, postsecondary education.

The *Cash for College FAFSA initiative* and *Alabama College Application Week* were combined into a single campaign (Alabama Possible) to help more K-12 students apply to college early and complete their FAFSA applications.

A key goal is to increase the number of young people, especially first-generation and low-income students, pursuing college degrees.
