Section 1.00 Administrative Overview

1.1 Purpose and Background

Purpose:

The Alabama State Department of Education (ALSDE) seeks to find a vendor to provide a system of continuous improvement support. Support will include an online platform that will support the state’s strategic priorities and initiatives with a coherent, systemic, learner-centric improvement system that provides a common statewide continuous improvement process supported by a single-shared set of tools and resources.

The selected vendor will support the state priorities through strategic partnerships and an effective education workforce, supported and driven by a systemic infrastructure (state, regional, district, school, classroom, learner). This platform must integrate with the current accreditation system utilized by local education agencies (LEAs) to provide a seamless transition.

Background:

Since 2012, the ALSDE has used an online platform to streamline and align the state’s improvement planning process, and state and federal accountability requirements to national accreditation requirements. The ALSDE seeks a vendor that can provide many concrete deliverables including, but not limited to, relevant and unduplicated content through various diagnostics, assurances and reporting tools, statewide professional development, and a tailored web-based diagnostic and improvement platform to manage and facilitate the implementation and oversight of school improvement, accreditation, and accountability.

Recipients of this RFP are not to disclose any information contained within the RFP unless such information is publically available. This RFP is provided for the sole purpose of allowing Vendors to respond to these specifications.

Selection Process:

The number of grants awarded depends on the number of proposals submitted and the quality of the proposed projects, funding availability, and the best interests of the Agency.

The ALSDE will select the vendor that provides the most technically sound and cost-effective proposal that best fits the needs of the ALSDE. Final selection of the successful vendor will not be based solely on cost. The vendor product will be evaluated primarily on the scope of the activities linked to associated costs as detailed in the RFP. RFPs will be reviewed to ascertain that minimum requirements have been met. The ALSDE reserves the right to conduct discussions with potential vendors in order to clarify information contained in their proposals, but the ALSDE has no obligation to do so. The vendor will provide notice to the ALSDE any partnership with another firm to provide parts of the solution; however, the vendor must provide management of the partner and is responsible for all project performance. Any subcontractor or partner will be subject to the same vetting process as the vendor, and the vendor is responsible for ensuring that each subcontractor acknowledges and is contractually bound by the staffing plan and other commitments listed in this RFP.

Unless provided by law, nothing in this RFP shall be construed to create any legal obligation on the part of ALSDE or any respondents. The ALSDE reserves the right, in its sole discretion, to amend, suspend, terminate, or reissue the RFP—in whole or in part—at any stage. In no event shall the ALSDE be liable to respondents for any cost or damages incurred in connection with the RFP process, including, but not limited to, any and all costs of preparing a response to this RFP or any other costs incurred in reliance on this RFP. No respondent shall be entitled to repayment from the ALSDE for any costs, expenses, or fees related to the RFP. All supporting documentation submitted in response to the RFP will become the property of the ALSDE. Respondents may also withdraw their interest in the RFP in writing at any point in time, as more information becomes known. If, within the confines of this RFP, the vendor provides intellectual property be it understood that all RFP contents are subject to *Open Records Act* laws and thus are subsequently in the public domain.

Only the final results of the ALSDE Evaluation Committee may be considered public. Any work papers, individual evaluator or consultant comments, notes, or score will not be considered public. The final results of the ALSDE Evaluation Committee will not be publicly available until a final contract has received all necessary approvals.
