**GENERAL INFORMATION**

This application is to be completed for applicants seeking a first Interim Employment Certificate (IEC) and **submitted by the employing county/city superintendent or administrator of an eligible nonpublic/private school** directly to the Educator Certification Section of the Alabama State Department of Education (ALSDE). Applicants must be unconditionally admitted and currently enrolled in an Alabama State-approved educator preparation program or CACREP accredited School Counseling program.

**RECOMMENDATION**

*To be completed by the employing county/city superintendent or nonpublic/private school administrator.*

I recommend this applicant for the first IEC in the area of:

Grades Level(s)	Teaching Field or Instructional Support Area

**LEA/NONPUBLIC/PRIVATE SCHOOL AUTHORIZATION and RESPONSIBILITIES**

My local board of education is willing to participate in the IEC Approach and has authorized me to employ the applicant for whom this application packet is being submitted, subject to the issuance of a valid alternative certificate. I understand that the IEC will not be issued for the applicant until all eligibility requirements have been met and background clearance has been received. I have established procedures for monitoring the applicant's compliance with the requirements of the IEC Approach.

If an applicant began an alternative approach **during or prior to the 2019 -2020** scholastic year (that is, five or more years ago) and **did not** complete the approach, the applicant may begin an alternative approach again under current requirements regardless of the number of previously held alternative certificates.

The Provisional Certificate in a Teaching Field (PCTF) (**if the needed teaching field is available**) or the Conditional Certificate in a Teaching Field (CCTF) (**if the needed teaching field is available**) may be an option if the applicant is no longer currently enrolled in the Alabama Alternative Class A Preparation Program and has any remaining alternative certificates available within four scholastic years from the July 1 starting date of the first alternative certificate.

I have checked the **current** Alabama State Department of Education (ALSDE) Courses Application within the AIM Portal ([Courses Catalog](#)) to ensure the applicant is properly certified for each period/block of the day. I understand the applicant must be employed, and if the IEC is the only valid certificate held, his/her assignments must be in the specific teaching field and grade level or in the specific instructional support area of the IEC I am requesting. (*If found to be needed, the applicant may be assigned for no more than one period/block of the day to a course that is not in the specific teaching field and grade level or in the instructional support area requested **only** if the requested IEC is proper certification for the course.*)

**NOTE: ALSDE Courses must be used and cannot be shredded out.**

The IEC in Computer Science, Grades 6-12, is the only teaching field that is proper certification to teach computer science courses that now have a course-specific permit (examples of such courses are: Computer Science Essentials-PLTW and Computer Science Principles AP). *A request to issue a first IEC in an instructional support area or a teaching field other than Computer Science will not be processed if the applicant is scheduled to teach one or more of the computer science courses that now have a course-specific permit.*

It is solely the responsibility of the college or university to which the applicant is enrolled to ensure all admission, program, and testing requirements are met as outlined in the Educator Preparation Chapter of the *Alabama Administrative Code*, Educator Assessment Policy Manual B, and any applicable memoranda. Issuance of an IEC does not guarantee the issuance of a Professional Certificate if all admission, program, and testing requirements were not met.

*Testing is not required for issuance of an IEC; however, certain tests may be required to meet admission requirements at the Alabama college or university. The college or university will provide guidance on the assessment(s) that need to be taken.*

The IEC Approach allows up to three IECs to be issued, and all three IECs (*if eligible*) must be held during a four consecutive scholastic year time period.

Failure to appropriately assign the applicant may result in the applicant no longer being eligible to hold an Interim Employment Certificate.

**LEA/NONPUBLIC/PRIVATE SCHOOL AUTHORIZATION and RESPONSIBILITIES**

**(Continued)**

Failure to appropriately assign the applicant will result in an out-of-field penalty assessment for the employing public school system.

IECs issued in **any area of special education, excluding gifted**, require I provide, and the applicant must participate in, high-quality professional development that is sustained, intensive, and classroom-focused **and** a program of intensive supervision that consists of structured guidance and regular ongoing support or a teacher mentoring program. Issuance of the subsequent certificate will require I have documentation the applicant was provided and participated in both while holding the IEC. If requested by the ALSDE, I must provide this documentation to the Educator Certification Section of the ALSDE.

I am verifying a photocopy of this form, reflecting signatures, has been given to the applicant and that I have reviewed this document in its entirety for all-inclusive information pertaining to this approach.
