MEMORANDUM

TO: City and County Superintendents of Education

FROM: Eric G. Mackey *EGM*
State Superintendent of Education

RE: Alabama School Plant Management Association Annual Conference

The Alabama School Plant Management Association (ASPMA) will hold its annual conference on **April 6-9, 2025**, at the Perdido Beach Resort in Orange Beach. This is an organization that promotes proper management practices related to school operations, maintenance, and construction. It is tailored to address issues that face superintendents, facility managers, maintenance personnel, custodial supervisors, and industry representatives. Group discussions involving various issues that are common to all facility personnel will be paramount during the daily activities. Opportunities will also be provided for Capital Planning and Facility Assessment Training for systems that do not have certified personnel. **Please remember that each school system must have at least one employee who is certified in each of these areas.**

It is important for systems to interface on facility issues that are common to all. I would encourage systems, if feasible, to participate in this organization. For registration and conference information, visit the ASPMA website at www.aspma.net. Should you desire additional information, please contact Mrs. Nancy Dailey at telephone number (334) 544-1309.
